

The Outlook for Wood Pellets – Demand, Supply, Costs and Prices

Number 13 – **Third Quarter 2017**

HAWKINS WRIGHT

Contents

1. Economic and policy background	1	4. The supply & demand balance and the outlook for wood pellet trade	39
The economic outlook in key pellet producing and consuming countries.....	2	Global wood pellet supply/demand balance	40
Exchange rate trends	3	Global wood pellet supply/demand balance - industrial pellets	41
Energy market trends - crude oil and heating oil.....	4	Wood pellet trade in Europe.....	42
Energy market trends - thermal coal	5	Total imports of wood pellets to Europe	43
High level policy developments	6	European imports of wood pellets from non-EU countries.....	44
2. The outlook for wood pellet demand.....	7	European imports of wood pellets from countries within Europe	45
Global overview - current demand and recent trends	8	Wood pellet trade in Asia - Japan	46
Global overview - forecasts of wood pellet demand to 2026	9	Wood pellet trade in Asia - South Korea.....	47
Global overview - forecasts of wood pellet demand to 2026	10	Map of inter-regional wood pellet trade, 2016 v 2015.....	48
Europe - market size and historical growth	11	5. The costs of wood pellet supply	49
Europe - summary of policy drivers	12	Overview and definitions.....	50
Europe - update on policy drivers for the industrial market.....	13	Wood fibre costs in the US South	51
Europe - update on policy drivers for the heat market.....	14	Change in delivered wood fibre costs in the US South	52
Europe - economic drivers	15	Wood fibre costs in Canada & the Baltic States	53
Europe - forecast of industrial pellet demand to 2026	16	Industrial wood pellet supply costs, CIF Europe, Q3 2017.....	54
Europe - forecast of heating pellet demand to 2026	17	Industrial wood pellet supply cost curves, CIF Europe Q3 2017	55
Europe - forecast of total pellet demand to 2026.....	18	Industrial wood pellet supply costs, CIF Asia, Q3 2017.....	56
Asia - market size and historical growth	19	Industrial wood pellet supply cost curves, CIF Japan Q3 2017	57
Asia - summary of policy drivers	20	6. Wood pellet prices.....	58
Asia - update on policy drivers.....	21	Recent trends in wood pellet prices	59
Asia - forecast of Japanese pellet demand to 2026	22	European biomass power generation economics – operating margins.....	60
Asia - forecast of South Korean pellet demand to 2026	23	The wood pellet paying capability (WPC) of UK generators	61
Asia - forecast of total pellet demand to 2026	24	Forecasts of industrial wood pellet prices	62
North America - market size and historical growth	25	Forecasts of heating grade wood pellet prices	63
North America - summary of policy drivers	26		
North America - update on policy and economic drivers	27		
North America - forecasts of wood pellet demand to 2026	28		
3. The outlook for wood pellet supply	29		
Global overview - trends in the supply of wood pellets	30		
Global overview - trends in the supply of wood pellets	31		
The outlook for global wood pellet supply	32		
Industrial wood pellet capacity developments.....	33		
Industrial wood pellet capacity developments (cont.)	34		
Global wood pellet production data.....	35		
The ownership structure of industrial wood pellet supply	36		
Developments with advanced biomass and 'black' pellets.....	37		
Sustainability - developments with SBP and other voluntary schemes.....	38
