

## Wood chips for energy

An overview of the seaborne trade of wood chips used for energy generation

**June 2019**

HAWKINS WRIGHT

# Table of contents

<b>Executive summary .....</b>	<b>v</b>
<b>1. Introduction to the energy chip market.....</b>	<b>1</b>
Market overview.....	2
Global wood chip trade flows .....	3
Wood chip specifications .....	4
Bioenergy Europe's GoodChips® .....	5
Sustainability requirements .....	7
Legal requirements - FLEGT and phytosanitary .....	9
<b>2. Seaborne energy chip demand in Europe .....</b>	<b>11</b>
North Atlantic wood chip markets.....	12
European wood chip imports.....	15
Denmark .....	16
Finland .....	17
Sweden .....	18
France .....	19
Ireland.....	20
Poland.....	21
Other Europe (Italy, Belgium, Portugal) .....	22
Europe: Summary of operating wood chip power projects using seaborne wood chips.....	23
Europe: Summary of planned wood chip power projects using seaborne wood chips .....	24
Forecast of energy chip demand - Europe .....	25
<b>2. Seaborne energy chip demand in Asia .....</b>	<b>26</b>
Asia-Pacific wood chip markets .....	27
Wood chip demand trends for pulp and paper in China and Japan.....	28
Asia-Pacific imports of hardwood and softwood chips, 2018.....	29
Asia-Pacific imports of hardwood and softwood chips, 2009-2018.....	30
Energy chip demand in South Korea.....	31
Energy chip demand in Japan .....	32
Summary of operating and planned wood chip power projects using seaborne wood chips .....	33
Forecast of energy chip demand - Asia.....	34
<b>3. Wood chip supply regions.....</b>	<b>35</b>
North America - United States.....	36
North America - British Columbia, Canada .....	38
North America - Eastern Canada .....	39
South America - Colombia .....	40

South America - Uruguay and Ecuador .....	<a href="#">41</a>
South America - Brazil .....	<a href="#">42</a>
South America - Chile .....	<a href="#">43</a>
Europe - Iberia .....	<a href="#">44</a>
Europe - Nordic countries .....	<a href="#">45</a>
Russia .....	<a href="#">47</a>
Belarus & Ukraine .....	<a href="#">48</a>
Africa - South Africa & Swaziland.....	<a href="#">49</a>
Africa - Mozambique, Ghana, Congo .....	<a href="#">50</a>
Oceania - Australia.....	<a href="#">51</a>
Oceania - New Zealand and Fiji.....	<a href="#">53</a>
Asia - Vietnam.....	<a href="#">54</a>
Asia - Thailand.....	<a href="#">56</a>
Asia - Indonesia.....	<a href="#">57</a>
Summay of wood chip demand and supply in the Atlantic and Asia-Pacific basins.....	<a href="#">58</a>

---

**4. Economics and competitiveness ..... 59**

Comparison of delivered prices of chips and pellets in Europe, on an energy basis .....	<a href="#">60</a>
Comparison of delivered prices of chips, pellets and PKS in Asia, on an energy basis .....	<a href="#">61</a>
The wood chip paying capability of biomass energy generators in Northern Europe .....	<a href="#">62</a>
The wood chip paying capability of biomass energy generators in Japan .....	<a href="#">63</a>
The wood chip paying capability of biomass energy generators in South Korea .....	<a href="#">64</a>
The wood chip paying capability of pulp producers in Asia compared.....	<a href="#">65</a>

---

**5. Appendices..... 66**

Glossary .....	<a href="#">67</a>
